

Are you a primary school teacher that might enjoy taking part in a visual arts and crafts project?

Are you a primary school that would like to engage a professional craftsperson in a collaborative creative project?

# CRAFTED

## Learning skills for life

The Design & Crafts Council of Ireland (DCCoI) and the Association of Teacher Education Centres of Ireland (ATECI) are looking for interested primary school teachers to take part in CRAFTed primary School's Programme in 2016.

Information evenings will take place in 16 Education Centres throughout the months of November and December. Teachers are invited to attend and take part in a hands-on craft skills workshop that will give a flavour of the CRAFTed programme.

Interested teachers are asked to apply directly to their local Education Centre to book their place on the CRAFTed Information Evening & Free Skills Workshop.

To find your local Education Centre, please visit [www.ateci.ie/education-centres.html](http://www.ateci.ie/education-centres.html)

For a list of participating Education Centers and dates for the information evenings being held around Ireland please see our website. [www.learncraftdesign.com/learn/crafted](http://www.learncraftdesign.com/learn/crafted)
